

FACTS AND FEATURES

Zanzibar Island lies 35 km off the Eastern Coast of Africa and is one of the two main islands of an autonomous state within the larger Republic of Tanzania. Bluebay Beach Resort & Spa and its sister property Sultan Sands Island Resort are situated on the wide, sparkling beaches of Kiwengwa on the East Coast of the island. The properties share 475m of tropical coastline.

The Resorts are an hour's drive from Zanzibar International Airport on good roads. To fly into Zanzibar, visitors take a 55-minute flight from Nairobi, Kenya, the region's largest city with air-links from virtually every major world city. Many other international airlines fly direct to Dar es Salaam, a city on the coast of mainland Tanzania, from where you can take a local flight (15 minutes) to the island or cross the channel by ferry (2 hours). There are also regular flights from Arusha in Tanzania and several international airlines now fly direct to Zanzibar.
